Attendance

Did you know that students who miss more than 10% of school days are at greater risk of school failure and that poor attendance in the first month can predict chronic absenteeism for the entire year? You will be receiving an information letter regarding attendance in December if your child has missed 10% or more during the first third of the school year. This is not a formal notice, just a reminder that it is important that your child attend school to help them succeed.

Accessible Parking

We have families that need to park in our accessible stall that is located on the east end of the bus lane, in front of the Division 1 doors. Please refrain from using this stall unless you have an accessible parking placard. Thank you for your cooperation in this matter.
